REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The instant claims are novel and unobvious over the prior art of record. The most pertinent art is DE 199 52 348 A1 (US 6,191,284 B1), which generically discloses the claimed compounds. See formulas (I) and (II) in US 6,191,284 B1. However, said broad generic disclosure is not enabling with respect to the subject matter that overlap with the instant claims. See Scheme 1 and Examples in US 6,191,284 B1. Therefore, it is not clear to one skilled in the art how to arrive to the claimed compounds based on the generic disclosure of US 6,191,284 B1 without undue experimentation. See *In re Donohue*, 226 USPQ 619 (CAFC)

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Priority

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.
